

## Intelligent Energy

### Inspired Energy

Proving that solar can be beautiful. SmartFlower is like no other. Standing as a monument to iconic design, the sculptural form moves throughout the day, dynamically interacting with light and shadow. You'll never have to choose between beauty and performance again.

### The smartest solar solution ever made

SmartFlower uses advanced robotics and automation to intelligently track the sun, making up to 40% more energy than traditional stationary solar panels. In addition, every day at sunset, SmartFlower will automatically fold up and clean itself to maintain peak solar utilization..

## Tech Specs

### Smart Cooling

Nominal output	2.50 kWp*
Annual output	~4,000-6,500 kWh**

### Physical Specs

Installation	4 fastening points earth screws or concrete foundation
Clear space	~16ft3
Weight	~1,550lbs/703kg

### Safety

Temperature Range	-4F° - 131° F / -20°C-55°C
Wind Speed before automatically entering 2 safety positions	1: >30 miles per hour 2: >40 miles per hour

### Warranty

Module performance warranty	25 years
System Warranty	2 years
